Nguyễn Đức Mạnh

Developer - TL

- Self-motivated Web Developer with over 4 years of experience delivering high-quality solutions across multiple projects. Passionate and dedicated, with a strong track record of meeting tight deadlines and exceeding expectations. Eager to contribute to roles that emphasize best practices, modern technologies, and offer exposure to diverse client projects.
- Seeking a challenging leadership role in web development where I can apply my technical expertise, project management skills, and passion for clean code to build scalable, high-performance solutions and lead teams to success
